TRYOUTS

Surge Volleyball is an Adult and Junior Boys & Girls Volleyball Club based in the Berks County area now entering its 7<sup>th</sup> year.

**Our mission:**

To provide a competitive organization that builds a strong foundation of fundamental skills techniques and strategies in our athletes while building their love for volleyball. Our goal is to build our program into one of the elite clubs in our area.

## WOMENS CLUB VOLLEYBALL

Surge Volleyball is excited to announce the formation of a Surge Women's Club Team(s). Surge offers an amazing amount of opportunity for young players to get on the court but we've noticed that there is very little opportunity for our adult members who love to play and compete.

Surge will host open tryouts and build teams based on the availability of players. These teams will be built based on skill level and entered into the appropriate division for USA volleyball.

Once teams are formed, the team will decide on practices, tournaments, leagues, etc that they wish to be a part of throughout the year. All scheduling will be done based on the availability of each member. A team captain will be assigned and will be the point of contact for the team throughout its season. A coach will be discussed and assigned based on the teams needs and request.

Tournament selection will occur at the beginning of the season once teams are formed. Tournament selection will be based on the coaches and player's discretion.

Players must be:

- 18 years or older and no longer in high school
- Cannot be on a collegiate roster
- Committed to playing on the Surge team
